Profile

1. Describe your firm's business activities, products and/or services, and clientele.
2. Describe the current customer base in Canada for the good or service that the company provides.
3. What is the value added or competitive advantage and benefit to the purchaser of the good or service?

The following is an example:

ABC International Inc.

Founded in 1970, ABC International Inc. is a consulting engineering firm specializing in energy and infrastructure development, both in Canada and internationally. The company's expertise covers engineering and project management in urban and tourism infrastructure, as well as the energy, transportation and mining sectors.

Headquartered in Vancouver, ABC International has a multidisciplinary team of 300 employees involved in civil engineering projects in more than 40 countries around the globe.
